

TLE Support

TLE SYSTEM REQUIREMENTS

System Requirements list the basic hardware and software you need to run TLE and enjoy its full set of features. If your system meets the requirements for hardware (CPU, RAM) and operating system (e.g., Windows version, Mac OS) you can get the rest of the free software you need from the TLE " Plugins & Tools" link.

PC Windows

- Microsoft® Windows 98 Second Edition, WinME, 2000, XP w/SP1a (recommended)
- Intel or AMD CPU at 266MHz or higher
